

# At the seaside in Swanage in Victorian and Edwardian Times

Find the souvenir shop called **A. Savage**.

When people go on holiday they like to buy something to take home or to give to someone as a present. These are called souvenirs.

Mr. Savage sold lots of things for people to buy.

Here are photos of some of them. Find them in the shop. You can tick them when you have found them.

Find the **Seaside resort** information board. Look at the pictures.

110 years ago people came to Swanage to have a holiday.

People did not come by car.

How did they get to Swanage?

Put a ring round the right answers:

train   boat   walk   horse-drawn carriage   car   bicycle

What could they do when they got here?

Draw three things you think they could do.

--	--	--

Why is the lady cross with the cat?

---

What would you take home if you had come here over 100 years ago?

Draw it.

Find the green slot machine. This is something grown ups could play with. What does it do?

---

By the door of the centre is something for you to do. Make the picture of the lady wearing the swimming costume.

Does your swimming costume look like this? \_\_\_\_\_

Do the same with the other people. Who do you think they are?

---
